

WIZAVIU

Smart Camera Solutions

I-CONSTRUCTION

LAW ENFORCEMENT

The WiZAVIU C10 allows users to monitor on-site environments in real-time, conduct two-way communication, and quickly resolve issues.

The high-security mobile terminal allows you to bind the device with a SIM card. The WiZAVIU C10 protects your information with endpoint data security.

Personnel can be tactically deployed to challenging environments with real-time video and audioinspections. Our wearable cameras can transmit livestream video with high quality even in low-visibility environments.

SMART SECURITY

WIZAVIU Smart Camera Solution

Can be used for applications such as facial recognition, licence plate identification, and mobile positioning.

We provide complete solutions in areas such as law enforcement, smart security and i-construction.

WIZAVIU C10 Product Specifications

Video and Audio

Camera	Sony Starvis CMOS sensors , Ultra low light Support WDR F2.0, FOV: 120°
Video Resolution	1080p/720p
Audio	built-in speaker and microphone for high-quality communication

System

PLATFORM	Android OS
	Qualcomm Octa-core Kryo CPU
	4GB LPDDR4x+64GB eMMC
COMMUNICATION	4G/3G Network Connectivity
	802.11 a/b/g/n/ac, 2.4G/5G Hz
	Bluetooth 5.1, BLE
	GPS, GLONASS, Galileo, QZSS, AGPS
BATTERY	NFC tag detection
	2900mAh replaceable battery for 8-hour recording
	Charging via USB Type-C, single dock*, 6-slot dock*
DISPLAY	Built-in battery for hotswap operation
DISPLAY	mono PMOLED
Indicators	LED indicators
	Laser beam
	Vibrator
	Torchlight
Interface	USB 3.1 Type-C (OTG supported)
	extendable storage with MicroSD card
	Nano SIM
Dimension	105(L)*65(W)*25(T)mm
	192g

Environmental

Dimension	-20°C~+50°C (Discharging mode)
Storage temperature	-20°C~+60°C
Drop Test	1.8m(6 feet) Drop
Water resistant	IP67
Military Standard	MIL-STD-810H

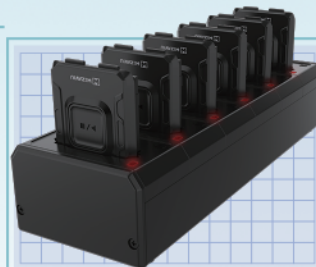

WIZAVIU C10 Accessories

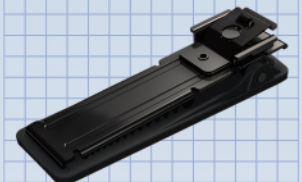

1-Port Charging Station
(Camera + battery charging station)
